### Important Information Regarding Swine Influenza

Due to the recent concerns about swine flu currently in the media, Passport Health Plan members may inquire about the availability of antiviral medications potentially used to treat this condition. PerformRx would like to remind all participating pharmacies that per the Passport Health Plan formulary, Tamiflu and Relenza are covered without Prior Authorization for one ten day treatment every six months.

Since this outbreak may result in additional treatments, the quantity and duration limits will be temporarily lifted. If you receive a rejection for either of these medications, please immediately call the PerformRx Helpdesk for assistance with claims processing.

Additional information regarding swine influenza may be found at the CDC website <http://www.cdc.gov/swineflu/>.

We hope this information is helpful to you. If you have further questions pertaining to this update, please call PerformRx Pharmacy Services at 800-578-0898.

Thank you.
