

Help Spread the Word: 2010 Healthy Hoops Kentucky Tip-Off

University Health Care, Inc. (dba Passport Health Plan) is pleased to sponsor the 3rd annual 2010 Healthy Hoops Kentucky Tip-Off Event. Please encourage all your asthmatic patients to join us for a day of basketball fun and asthma awareness.

Healthy Hoops Kentucky is a free program that uses basketball and fun to focus on the needs of kids ages 7 to 13 who have asthma. Children and their families will participate in health and asthma screenings, workshops on asthma management, and a basketball clinic with former UofL and Utah Jazz legend Darrell Griffith. There will also be free lunches served, entertainment provided by Radio Disney and chances to win exciting prizes and contests while learning the importance of managing asthma!

Children can join the fun by registering online at our web site, www.healthyhoopsky.com, or by calling 1-800-578-0603, ext. 78429.

WHEN: Saturday, September 25

WHERE: Louisville Male High School
4409 Preston Highway
Louisville, KY 40213

WHO: Open to all children with asthma diagnoses ages 7-13 years. Children do not have to be a member of Passport Health Plan to participate.

If you would like more information about the event to give to your patients (including posters and flyers), please contact HHKY Program Manager Marcelline Coots at (502) 585-7955.
